**BOARD OF SUMTER COUNTY COMMISSIONERS**  
**December 29, 2009**

**REQUESTED ACTION:** Chapter 163 Local Government Development Agreement for Village Park Center

**CASE SUMMARY:**

Village Park Associates, LLC, et al applied for a rezoning to amend a residential planned unit development (RPUD) on approximately 48 acres, located on the northeast corner of the intersection of C-466 and Laurel Manor Drive for Village Park Center. Village Park Center contains approximately 163 dwelling units and 151,696 square feet of commercial/office uses. Due to the significant scale of the project, a condition of approval of the rezoning for this project (R2009-001) includes the execution of a Local Government Development Agreement, pursuant to Chapter 163, Florida Statutes, between the County and the Park's developer (Village Park Associates, LLC, et al).

A Local Government Development Agreement, pursuant to Chapter 163, Florida Statutes, is a tool used by local governments throughout Florida, primarily for large scale projects below the Development of Regional Impact (DRI) thresholds, to provide for long term certainty to the local government regarding development uses, densities, and intensities, and infrastructure needs; while the developer is provided long term certainty in development standards.

The proposed Local Government Development Agreement for Village Park Center provides in part:

- Consolidation of previous Memorandums of Agreement for the subject property;
- Limitation that project is an age-restricted project (55 years or older);
- 20-year term of agreement;
- Establishment of a Property Owner's Association (POA) to maintain all project infrastructure;
- Limitation of the uses and intensities consistent with the amendment to the RPUD (R2009-0001);
- Increased buffering standards, particularly along the eastern boundary;
- Requirement for installation by developer of traffic signal at the project entrance and C-466, when warranted;
- Confirmation that project will be served by appropriate public services;

- Requirement for an annual report to the County of the status of the project and compliance with conditions of the Development Agreement; and
- Termination provisions.

Chapter 163, Florida Statutes, requires the County to hold two (2) public hearings to execute a Development Agreement. The Statute allows for one of the public hearings, at the option of the local government, to be held by the Local Planning Agency with the second public hearing held by the local government Governing Body. The Sumter County Zoning & Adjustment Board (ZAB) is the County's designated Local Planning Agency.

- C. The Property consists of two contiguous parcels of real property which were, previously, the subject of separate Memorandums of Agreement between Original Owner and County, one parcel being a 9.55 acre parcel described on attached Exhibit “B” (the “*Commercial Parcel*”), the second parcel being a 42.13 acre parcel described on attached Exhibit “C” (the “*Mixed-Use Parcel*”); less and except parcels thereof previously conveyed to third parties and described on attached Exhibit “D” (collectively the “*Outparcels*”). [The combination of the Commercial Parcel and Mixed-Use Parcel, less the Outparcels, is the “*Property*” described on Exhibit “A”, and is the subject of this Agreement.] The Commercial Parcel and the Mixed-Use Parcel are the subject of separate prior Memorandums of Agreement between Original Owner and County, which are described in Recitals D, E and F below.

- E. On July 12, 2005, Original Owner received approval from County to develop the Mixed-Use Parcel for a combination of residential and commercial uses, and on said date County and Original Owner entered into a Memorandum of Agreement regarding development restrictions upon, and development criteria for, the Mixed-Use Parcel, which was recorded in OR Book 1422 at Page 420 (“*Memorandum No. 2*”).
- F. On July 12, 2005, Original Owner obtained zoning approval from County for the development of the Mixed-Use Parcel as a Residential Planned Unit Development (“*RPUD*”) and as a condition of said zoning approval Original Owner agreed to certain development restrictions and criteria for the development of the Mixed-Use Parcel as are stated in the Memorandum of Agreement between Original Owner and County recorded in OR Book 1845, at Page 350 (“*Memorandum No. 3*”).
- G. Subsequent to the date of Memorandum No. 3 described in the preceding Recital F the Original Owner and others conveyed to Current Owners, in multiple transactions, title to multiple parcels constituting all of the Property other than a tract (the “*Utility Tract*” described in Section 7 below) on which a wastewater treatment plant, and other utilities infrastructure, is being constructed to provide potable water and sanitary utility services for the Property, as described in Section 7 below.
